*I graduated with honors from the Instituto Tecnológico de Minatitlán as a Computer Systems Engineer with 91.59 as my average. I'm currently learning new things through online courses. I competed in two math tournaments when I was in high school. Won a chess tournament held in my elementary school and then got 4th place in a regional tournament held in the city of Coatzacoalcos. I tinkered with computers since I was a child, I'm currently looking for a place where I can contribute to the business, display my knowledge, and develop my career.*
